RENTAL POLICY • RENTAL RATES

The safest provider and most comprehensive selection of high quality single and double kayaks including paddling safety gear for your next kayak expedition. We have a mixed fleet of single, double and triple kayaks if you are looking for a particular model, please call us.

Requirements for Rentals

For your safety, to rent a sea kayak we require that the following criteria be met:

Renter must have taken a beginning sea kayak class from us or another company that is insured, commercially permitted and has taught deep water self-rescues by current certified ACA/BCU Instructor/Coach, please be prepared to show proof of course completion with certified instructors name and number.

If you have not practiced the skills for some period of time we may request an additional "refresher" course or set up an appointment to demonstrate the skills prior to renting.

We care about your safety and reserve the right to refuse a rental to anyone at anytime. Please plan ahead.

- Allow at least half an hour to pick up rental equipment.
- Allow extra time for large groups, peak rental times, or if catching a ferry.
- Be prepared to transport your rental.
- You need a strong rack and acceptable cradles or padding as well as adequate straps or ropes.
- You will be required to read and sign a comprehensive release and rental agreement.

Please remember we have a systematic way of processing rentals if you are in a rush and expect us to deviate from our policy you run the risk of us denying the rental.
